

# UNIVERSITY MISSOURIAN

SIXTH YEAR

COLUMBIA, MISSOURI, SUNDAY, NOVEMBER 9, 1913

NUMBER 48

## TIGERS PUSH AHEAD IN VALLEY CONTEST

Drake Was Defeated Yesterday by the Score of 10 to 0.

### BOTH PLAYED POORLY

McWilliams Scored Touchdown by 60-Yard Run; Made 9 of 10 Points.

The Tigers pushed Drake aside and took another jump toward the Valley championship yesterday afternoon. It was rather a gentle push they gave the Iowa—10 to 0 victory for Missouri—but the Varsity kept its record clear with a touchdown and a drop kick.

The athletes from Iowa gave the Tigers a "mighty close" tussle. It was nobody's game for about three periods. Drake sprung a surprise by playing a strong game of old-fashioned, line-buck football and little open play. And Missouri did the same. But the Tigers were not "going" well. The playing of Missouri yesterday wasn't far superior to that of the Northerners.

It was a game characterized by good and ragged playing of both teams. A cold east wind caused many fumbles and made punting toward the west goal difficult. The big feature of the game resulted in the only touchdown when McWilliams got away for a 60-yard run through the Drake team. Drake had punted to the Tiger's 35-yard line. McWilliams returned the ball 5 yards. On the next pass of the ball he made the touchdown.

### No Scores First Half.

There was no scoring in the first half. In the first quarter the Tigers had the advantage. Then the Bulldogs had it. The Tigers had the disadvantage of defending the east goal in this quarter. The fumbling by each team commenced early in the quarter and a number of exchanges of the ball were made on this account. Shepard and Moore made the longest runs in this quarter. Shepard making one run of 20 yards and Moore another for 30 yards.

The Bulldogs depended largely on Simons, their captain and fullback, for their effective playing. The big fullback showed strong playing throughout the game. He was Drake's most effective and consistent ground gainer. His 50-yard end run in the second quarter was the second longest run made during the game.

The Tigers made their second score early in the fourth quarter. They worked the ball to Drake's 19-yard line. Starting from here, Dunckel made 10 yards through the line. The Tigers failed to gain on the next two downs. McWilliams made a place kick from the 12-yard line.

It was in this quarter that Drake appeared the most dangerous to the Tigers. By steady line bucking, Drake forced the ball down the field. Crull doing most of the effective gaining for Drake. Speelman broke up the advance once when he threw a Drake player for a 10-yard loss, but the Drake team braced up and rushed the ball to Missouri's 5-yard line. There the Tigers held Drake for downs. Shepard kicked the ball from back of the goal line to safety.

### Wind to Their Backs.

The Tigers took advantage of the wind and generally kicked as soon as they got the ball, when it was in their territory. Shepard, kicking with the wind, made a 50-yard punt and the Tigers took still further advantages of the punt by downing the runner in his tracks.

The Missouri ends did not show up well at tackling. Many of the plays were stopped by the backfield. Both teams hammered the lines hard. Shepard took much of the brunt of the fight for the Tigers in both the offensive and defensive. Yesterday was the first time this year that he has had to take much time out on account of injury.

Between halves the Missouri and Drake bands paraded the field. The rosters showed their hospitality for the visitors and at the same time yelled for Missouri. When they thought the Missouri band was taking too much time, the rosters yelled for Drake.

Here are the men who lined up for Missouri: Clay, right guard; Gallagher, left guard; Groves, right tackle; Kemper, left tackle; Speelman, right end; Herndon, left end; McWilliams, quarter; Moore, right half; Shepard, left half; Capt. Wilson, fullback; Drumm, center.

Wiggins alternated for Shepard.

### FAIR AND COLD TODAY

The Weather Man Promises More Good Football Weather.

The weather man promises a continuation of this clear, cold football weather. The official forecast is fair and colder today. The lowest temperature last night was about 28 degrees.

Dunckel for Wilson, Collins for McWilliams and Lake for Moore.

### First Quarter.

In the first quarter both Drake and Missouri made costly fumbles. In the middle of the quarter, Shepard recovered a Drake fumble and returned for a 15-yard gain. At the start McWilliams recovered a Tiger fumble but was thrown for a 10-yard loss. Moore, on an end run, fumbled to Drake. Both Drake and Missouri fumbled, and lost the ball to their opponents, once again in this quarter. The Tigers kicked off and defended the east goal, against the wind, Shepard made two 20-yard runs and Moore a 30-yard end run in this quarter. Both sides lost the ball several times on downs. The quarter ended with the ball in center of the field. No score.

### Second Quarter.

Simons, captain of the Bulldogs, playing right half, got away for a 50-yard run in this quarter. The Bulldogs then forced the ball to the 20-yard line, the Tiger line held and Drake lost the ball on downs. Then Shepard, kicking with the wind, made a 50-yard punt. In last of the quarter, Krull went around end for a 30-yard Drake gain. Here the Tigers held for three downs and McWilliams recovered Drake's forward pass. Missouri punted on next down and Drake, by a series of plays, returned 35 yards. Drake failed to make downs and the quarter ended. No score.

### Third Quarter.

McWilliams ran 60 yards for Missouri's touchdown in this quarter. The Tigers had the advantage of defending the west goal. Drake punted to Missouri's 35-yard line and McWilliams returned 5. On next play McWilliams ran to touchdown. Wilson kicked goal, making the score 7 to 0 for Missouri. Neither side made big gains in the rest of the period. However, the Bulldogs at one time appeared dangerous when they forced the ball down the field to Missouri's 5-yard line by steady line plunges. The Tiger line held, and the team kicked to the middle of the field. In one play in this quarter, Speelman tackled a Drake runner for a 10-yard loss. The quarter ended with Missouri in possession of ball on Drake's 19-yard line. Score—Missouri 7, Drake 0.

### Fourth Quarter.

Missouri scored again early in this quarter. McWilliams kicked a field goal from the 12-yard line. Starting the quarter's play, Dunckel went through for 10 yards on first down. After failing to gain on next two downs the Tigers scored their field goal. Score Missouri 10, Drake 0. Collins, who went in for McWilliams, returned Drake's kickoff 30 yards. Drake tried once to score by a drop kick from the 35-yard line, but failed. The Bulldogs worked the forward pass for gains several times. The Tigers were trying for a field goal when the quarter ended. Final score—Missouri 10, Drake 0.

The umpire for the game was Thomas of Purdue, Captain King of West Point was referee and Graham of Michigan acted as head linesman.

## SECOND IN THE RUN

Ames Cross Country Team Beats Missouri in Valley Meet. K. U. Fourth.

Ames won first and Missouri second in the annual Missouri Valley cross-country meet held at Lincoln, Neb., yesterday. Snider of Ames finished first.

For the Tigers Terry finished fifth, Fawcett sixth, Finley tenth, Hurst thirteenth and Hogan seventeenth. Nebraska won third place in the meet and Kansas fourth.

Prof. C. L. Brewer says that he is well pleased with the result of the meet. The men were not in very good condition, he says. Missouri sent six men. Five had to finish.

### Runaway Horse Breaks Big Window.

Scared by a dog, a horse started to run away in front of the Elvira building Saturday morning. The animal with a long piece of iron about a foot long dangling between its legs, ran down Broadway to Eighth street. In attempting to turn the corner, north end, it ran into the window of the Central Bank. Excepting the broken window little damage was done.

## BEAUTIFY COUNTY POOR FARM NOV. 18

Committee Sets Day to Clean Up and Plant Trees and Shrubbery.

### TO BRING DINNERS

Dr. J. C. Whitten to Direct Work According to Plan to Be Made.

Dr. Woodson Moss has announced that Tuesday, November 18, is the day set for beautifying the county poor farm. The plan is for all to come and bring their dinners, which will be served on the lawn if the weather is favorable.

After the dinner all the workers will be under the direction of Dr. J. C. Whitten. The work done will be according to a plan of the grounds which will be prepared. Trees and shrubbery will be planted. Two avenues bordered with elm trees are planned leading up from the east and north sides.

Those who can are to bring trees, and those who cannot come are asked for a small contribution to help with the work. Elm, hard maple, sugar maple and oak trees are desired. The farm is out the Blackfoot road and many from Columbia will walk.

A meeting was held at 2 o'clock yesterday afternoon in the Baptist church to discuss plans for the day. The committee in charge of the work is: D. A. Robnett, J. E. Thornton, L. T. Searcy, Aubrey Bush, J. W. Schwager, P. S. Quinn and Woodson Moss.

### ELECT EMBERSON TO COMMITTEE

M. U. Men Talk to Teachers at State Association Meeting.

R. H. Emberson, professor of rural education, was the only University of Missouri official to receive an office in the Missouri State Teacher's Association, according to the list submitted to the meeting by the nominations committee. Mr. Emberson was elected chairman of the Executive Committee.

University men, however, took a prominent part in the proceedings of the convention. Professor Emberson urged special legislation for modern sanitation in rural schools. At a department meeting of the rural schools division Mr. Emberson was elected chairman.

Prof. Jacob Warshaw, of the department of romance languages, urged that instruction in French and Spanish be given in High schools of over three hundred students. He said that outside of St. Louis and Kansas City, the only high school in the state offering a course in Spanish was at La Belle.

The direct method of instruction in German was recommended by Prof. H. B. Almstedt. He gave portions of his speech in German. J. D. Eluff, professor of high school administration, praised scientific management in the schools. He declared the superintendent in nine cases out of ten was responsible for the progress of a high school.

Prof. R. L. Ramsay discussed the simplified spelling problem.

"Permit the simpler forms and welcome them unless you are forbidden," he said. "At any rate acknowledge frankly to the pupil that our present spelling was not sent down from heaven. Tell him that most of his elders and some of his teachers are too old to learn the new tricks; that most of us having suffered in our own youth, as determined, like sophomores at college, that he shall be hazed with spelling in his own turn, but be sure to add that the new generation is sent to clear away the rubbish of the old and that hazing is going out of date."

C. A. Phillips, of Warrensburg Normal, was elected president of the association.

### DISCUSS THE FIRE ORDINANCE

City Council Makes Provision For K. U. Game Detectives.

The fire prevention ordinance was discussed at a meeting of the city council Friday night. An ordinance providing compensation for the dog catcher in cases where prosecutions are made in court also was considered. The chief of police was authorized to hire detectives to watch for pickpockets at the Kansas game.

### Two Students in the Hospital.

Paul Johnson and Ralph Waring, freshmen in the College of Arts and Science of the University, are ill in the Parker Memorial Hospital.

## TIGER SIGNALS SENT AMES, COACH WRITES

Clyde Williams in Letter to C. L. Brewer Tells of M. U. Traitor.

### OPENED AFTER GAME

Man Who Had Bet on the Aggies Told of Plays and System.

Here is an unique thing in college annals. In a typewritten, unsigned letter someone attempted to give the Tiger formations and signals to Coach Clyde Williams of Ames. It was addressed to the captain of the Ames team. And here is what Coach Williams, who was honorable enough to return the letter has to say:

"I have just found out this week," he writes to Prof. C. L. Brewer, "that you have at Missouri what I call a dirty scam." Some days ago a letter came here from a Missouri rooter who had bet his money on Ames. In the letter he told me quite a lot about your plays and system. I think you ought to know about this. I wish that he had lost all of his money and everything else he had, but he probably didn't as a crook never takes the limit risk."

Said George Willson, president of the student body, at the mass meeting Friday night: "With the promise for the best football season Missouri has ever had it looks like no time to start the anvil chorus. But with the letter that came from Coach Williams today, it looks like there is someone among us, who is not with us." Then Mr. Willson read the letter from Mr. Williams.

"If this sort of thing goes on," said Mr. Willson in conclusion, "when Chuck Wilson starts one of his scrappy rushes in that Kansas game he will be smothered; or when Lake starts one of those end runs which are the delight of every rooter's heart the whole team will shift to meet him. When Shepard starts down the field with the ball every K U man will wait for him. He will have to play eleven men instead of one."

Chuck will be beaten. The team will be beaten. We ought to make this place so hot for that kind of a man that he couldn't stay in town; so that kind would never enter up in this school again."

### RECEIVE THANKSGIVING MENUS

Many Already Entered for Missourian Prize Contest.

Several Thanksgiving menus have been received already in the contest for the prizes offered by the University Missourian for the best menus and recipes for serving. All the menus must be in the Missourian office by noon November 16.

There are four prizes offered of \$3 each. One is for the best menu prepared by any pupil of the Columbia public schools, or Stephens or Christian College. Another is for the best menu presented by a member of the home economics of the University.

High school pupils outside of Columbia also have a chance to win a prize by presenting the best menu and recipes. The fourth prize is to the woman of Columbia or elsewhere not connected with any home economics department, who presents the best menu.

An announcement of the rules of the contest is in another part of this issue.

### Football Scores

Kansas 14—Washburn 0.  
Ames 14—Cornell 0.  
Rolla 19—Washington 3.  
Carlisle 61—Johns Hopkins 0.  
Yale 17—Brown 0.  
Harvard 3—Princeton 0.  
Pennsylvania 31—Dartmouth 34.  
Army 77—Albright 0.  
Michigan 17—Cornell 0.  
Chicago 14—Northwestern 0.  
Wisconsin 12—Ohio State 0.  
C. B. C. 21—Kirkville 3.  
Syracuse 48—New York 0.  
Wittenberg 6—Oberlin 0.  
Michigan Aggies 18—Mt Union 7.  
Purdue 62—Rose Poly 0.  
Navy 70—Bucknell 7.  
W. Via. Wesleyan 16.  
Georgetown 6.  
Lehigh 50—Swathmore 0.  
Exeter 59—Andover 0.  
Iowa 60—Indiana 0.  
Nebraska 42—Wesleyan 7.  
Georgia Tech. 10—Auburn 20.  
Vanderbilt 7—Tennessee 6.  
South Carolina 13—Florida 0.

## A Letter Home

Columbia, Mo.,

Dear Dad:  
I have been laying off several weeks to write you that letter I promised. But, you know, I hardly have time to eat. I've gotten so I take as little time as possible for that process, too. But talk about the strenuous life. T. R. never started that term. Universities did. Why, there are so many things to see and go to, here, that I feel like I used to before the candy counter, when Dad had given me a nickel. Which shall it be?

You complained in your last letter because I hadn't written the long letter which you wanted. Well, several of my "profs" are in St. Louis at a teachers' convention, so I have some extra time now. They assigned twice as much work on account of their absence, of course. But everybody puts it off until the night before they get back, so I'll follow suit. That will give me plenty of time to tell just what I think of the U.

I told you about the trip down here. The only thing that I shall never forget was the baggage station. It looked like the warehouse of a wholesale trunk company. It took twenty-five of thirty men to get them around to the right houses. Some of them never did get there.

Entering up was the next thing on deck. And, believe me, when you get ready to come down here year after next, bring a little dynamite or nitroglycerine to break it with. Or better, bring the band cutters off of the threshing machine to cut up the red tape with. I wanted to take some work not on the regular course. So I asked Dean Loeb about it. He gave me a blank to be signed by three persons. When I went to see these three, everyone said that I must see one of the others before he could sign. I finally got up the nerve to ask one of them where in the world the circle began.

At present, at least, class work is merely a necessary appendix to football. Anyone here who can't discuss the Tigers intelligently is a hopeless bonehead. Why, at mass meetings, you can often see a white haired woman sitting by the side of her 7 or 8-year-old grand-daughter and it would be hard to tell which one was the most enthusiastic. But we've got reason to be happy this year. Our team beat the Ames Cyclones for the first time. E on the great '09 team couldn't do that.

Ge! I wish that you could come for the Kansas game. We are going to beat them this year and it is the sight of a life time to see this town when we lick the Jayhawkers.

It seems funny to think that you never saw a night-shirt parade. It looks like a mob of fellows had come out on the street, dressed as we used to be when we would rush down to the fireplace on Christmas morning. They always have a goat with the pennants of the team we beat tied on him. A big bonfire is built on one of the down town streets, at the expense of the merchants. Then we go up the street to the girls' colleges in a "Snake whip-crack line." Imagine a thousand playing whip-crack. I'm sending you a flash-light picture of it.

Yes, I was lucky enough to make the band. And it sure is a dandy one. The wood-instrument section alone is as big as our whole band at home. They never play any ragtime. They have such pieces as those on our phonograph, which sis's music teacher recommended. I have learned more music in these two months than I did in the two years before.

We practice twice a week. One day we have to get out on the quad and march with the rest of the Military. The fellows here call it war, and use about the same language concerning it which General Sherman did. The only thing I have against the band is that they won't yell. You know how I like to break loose.

At football games we have a stand built on the opposite side from the bleachers. And it is lots of fun to watch the grand stand. Sometimes they will all get up at once as though a spring was released. Other times they will get up in spots like the congregation at Mount Olivet when they start to sing. And, say, you remember that time that we sat on the gable of the barn during that big wind storm and got whipped for it. Do you remember how the orchard, which was in full bloom, looked. That's just the way the bleachers look when the Tigers make a touchdown. And the noise! Well, I never heard anything like it at all. They are fine about one thing. They don't jeer at the other team, but give nine rabs for them and cheer for their coach.

Well, hoping you are the same (as Togo, per Wallace Irvin says) I am, CHARLIE.

## WAR OR RECOGNITION OF MEXICAN REBELS WILSON TO DECIDE

Envoy Lind Says There's No Longer Hope of Eliminating Huerta.

PRESIDENT MUST ACT IN TWO WEEKS

Armed Intervention or Cognizance of Kelligerety's Forces Alternative.

### WAY TO AVOID FIGHT

Chance That Revolutionist Carranza Can Restore Order in 90 Days.

By United Press.  
WASHINGTON, Nov. 8.—Recognition of Kelligerety's insurgents or immediate armed intervention by the United States must be definitely decided on by President Wilson within a fortnight.

In numerous messages from Mexico City, Envoy Lind today emphasized the fact there is no longer hope Huerta can be eliminated. While Huerta admits he might retire under foreign pressure, it would only be on the condition that he select his successor. This the United States will not permit.

In administration circles war seems certain. There still is a slender chance of avoiding it if General Carranza, leader of the revolutionists in Northern Mexico, can restore order in ninety days.

By United Press.

MEXICO CITY, Nov. 7.—Today's summary of the Mexican situation says that the Cabinet has decreed that Huerta shall resign. The new Congress meets November 22, and will facilitate this by declaring Huerta's election void because of the Constitutionalists majority votes uncast. Huerta is obstinate, hoping to hold his office until European powers demand retirement. This will save him from yielding to the United States alone.

## FIGHT AT CHIHUAHUA

Rumored That Battle Is On—Communication Is Cut Off.

By United Press.

EL PASO, Texas, Nov. 8.—A telegram received tonight by Max Weber, German consul here, from the German consulate at Chihuahua tended to confirm reports that the biggest engagement since the overthrow of Madero was being fought at Chihuahua. The telegram merely stated that "the rebels have not yet captured the town."

Communication with the town is impossible.

### Free Religious Lecture This Afternoon.

Menta Sturgeon, evangelist, will lecture on "Victory Over the Grave" at 3 o'clock this afternoon at the Columbia theater. The lecture is free. Mr. Sturgeon is a native Missourian. He was born in Boone county. He has traveled extensively, and has lectured in most of the large cities of this country. He is sent here by the International Bible Students Association.

### Mrs. Clark Is Visiting Parents.

Mrs. Bertha Clark of Flint, Mich., arrived in Columbia yesterday for a visit with her parents, Mr. and Mrs. R. L. Roberts, who live at 1409 Anthony street. Mrs. Clark expects to see the Tigers play Kansas. She will return to her home after Thanksgiving.

### Freshmen Give 'Possum Dinner.

The freshmen of the Sigma Nu fraternity gave the upper classmen of the fraternity a 'possum dinner Friday night. E. C. Brownlee spoke for the freshmen and George Willson responded for the upper classmen.
